

# The Beautiful Sonoran

By Lorelei Swanson, age 9, Gr. 4  
Tucson, Arizona

**G**reen agaves and gritty land,  
Covered in brown and tan sand.  
Rocks and bobcats, cougars too,  
The Sonoran is just like a hidden Zoo.  
Great horned owls, mourning doves,  
lizards with long tails,  
Mesquite trees, prickly pears,  
and the large Gambel's quails.  
Mountains with saguaros this  
desert's famous for,  
The place of the Mexican-American  
war.  
Be careful and watch out for rattlesnake  
tonight,  
But don't you love the Sonoran? It's a  
beautiful sight.
