

Our Beautiful Desert

Hawks soaring in the dark dawn

Blooming flowers

Mountain lions roar like thunder

Tarantulas hunt for their prey

Frogs croak at the top of the pond

Loud , huge storm, lightening

Birds chirping, ravens cawing

Eagle's call like dragons

Hares bounding

Wolves howling at the moon

Rain is always amazing

Sunrise, blooming clouds

Bobcats hunt, owls hoot

Colorful rainbows

Giant Saguaro cacti

Mayflies and dragonflies

So many insects and amphibians

On our pond

Great diving beetles and fishing spiders

Hummingbirds, honey bees

Look for nectar

Our beautiful desert
